	PRODUCT OVERVIEW			
Borrowers with	Standard			
Delinquent	Borrowers with delinquent Federal Tax Debt are ineligible.			
Federal Tax	> If the borrower has an open tax lien, they may be eligible for FHA financing subject to the following:			
Debt resulting in	» Tax liens may remain unpaid if the Borrower has entered into a valid repayment agreement			
a tax lien	with the federal agency owed to make regular payments on the debt and the Borrower has			
	made timely payments for at least three months of scheduled payments.			
	» The Borrower cannot prepay scheduled payments in order to meet the required minimum of			
	three months of payments.			
	» The Borrower must provide acceptable documentation from the IRS evidencing the repayment			
	agreement and verification of payments made.			
	» REMN WS must include the payment amount in the agreement in the calculation of the			
	Borrower's Debt-to-Income (DTI) ratio.			
	REMN WS must check public records and credit information to verify that the Borrower is not presently			
	delinquent on any Federal Debt and does not have a tax lien placed against their property for a debt			
	owed to the federal government.			
Borrowers with	Standard			
Delinquent	Borrowers who owe taxes that have NOT resulted in a lien status prior to closing are eligible for FHA			
Federal Tax	financing. The borrower must provide evidence of a satisfactory repayment plan with the IRS.			
Debt not	The payment must be included in the borrower's DTI ratio.			
resulting in a tax	As long as the debt has not resulted in a lien prior to closing, there is no minimum required number of			
lien	payments.			
Borrowers with	Standard			
Delinquent	REMN WS is prohibited from processing an application for an FHA-insured Mortgage for Borrowers with			
Federal Non-Tax	delinquent federal non-tax debt, including deficiency judgments and other debt associated with past			
Debt	FHA-insured Mortgages. REMN WS is required to determine whether the Borrowers have delinquent federal non-tax debt. REMN			
	WS may obtain information on delinquent Federal Debts from public records, credit reports or			
	equivalent, and must check all Borrowers against the Credit Alert Verification Reporting System (CAIVRS).			
	Verification			
	> If a delinquent Federal Debt is reflected in a public record, credit report or equivalent, or CAIVRS or an			
	Equivalent System, REMN WS must verify the validity and delinquency status of the debt by contacting the			
	creditor agency to whom the debt is owed. If the debt was identified through CAIVRS, REMN WS must			
	contact the creditor agency using the contact phone number and debt reference number reflected in the			
	Borrower's CAIVRS report.			
	> If the creditor agency confirms that the debt is valid and in delinquent status as defined by the Debt			
	Collection Improvement Act, then the Borrower is ineligible for an FHA-insured Mortgage until the			
	Borrower resolves the debt with the creditor agency.			
	REMN WS may not deny a Mortgage solely on the basis of CAIVRS information that has not been verified			
	by REMN WS. If resolved either by determining that the information in CAIVRS is no longer valid or by			
	resolving the delinquent status as stated above, the Mortgagee may continue to process the mortgage			
	application.			
	Resolution			
	> In order for a Borrower with verified delinquent Federal Debt to become eligible, the Borrower must			
	resolve their federal non-tax debt in accordance with the Debt Collection Improvement Act.			
	> The creditor agency that is owed the debt can verify that the debt has been resolved in accordance with			
	the Debt Collection Improvement Act.			
	Required Documentation			
	> REMN WS must include documentation from the creditor agency to support the verification and resolution			
	of the debt. For debt reported through CAIVRS, REMN WS may obtain evidence of resolution by obtaining			
	a clear CAIVRS report.

Tax Exemptions,	> There can be no uncertainty about whether the borrower qualifies for the homestead, abatement or other
Abatements	tax exemption or reduction.
	In order for the lower amount to be used for qualifying purposes; the abatement, homestead or exception must remain in place for a minimum of three (3) years after closing, and REMN WS can document the abated amount with the taxing authority.
	NOTE : If the Underwriter has knowledge that a "Homestead" is considered "Permanent" (example: Florida – OR – Single Family in IL), the time period does not need to be documented and the UW can note the same on the HUD-92900LT FHA Loan Transmittal.

203(h) Disaster Victims

PRODUCT OVERVIEW

- Section 203(h) of the National Housing Act authorizes FHA to insure Mortgages to victims of a Presidentially-Declared Major Disaster Area (PDMDA) for the purchase or reconstruction of a Single-Family property.
- Mortgages to be insured under Section 203(h) must be processed and underwritten in accordance with the regulations and requirements applicable to the 203(b) programs. Where 203(b) program guidance conflicts with the specific requirements on Section 203(h) Mortgages (see below), the below requirements will apply:

203(h) Eligibility Requirements

Borrower Eligibility

- Application Deadline
 - The FHA case number must be assigned within one (1) year of the date the PDMDA is declared, unless an additional period of eligibility is provided.
- Principal Residence
 - The mortgaged property must be the borrower's principal residence.

Property Eligibility

- The previous residence (owned or rented) must have been located in a PDMDA and destroyed or damaged to such an extent that reconstruction or replacement is necessary. A list of affected counties and cities and corresponding disaster declarations are provided by the Federal Emergency Management Agency (FEMA).
- The purchased or reconstructed property must be a Single-Family Property or a unit in an FHA-approved Condominium project.

Minimum Required Investment/Maximum Loan-to-Value

- The borrower is not required to make the Minimum Required Investment (MRI). The maximum Loan-to-Value (LTV) ratio limit is 100% of the Adjusted Value.
 - If a 203(k) is used in conjunction with a 203(h), the 203(k) LTV ratio applies.

Underwriting

- REMN WS is required to make every effort to obtain traditional documentation regarding employment, assets and credit, and must document their attempts. Where traditional documentation is unavailable, then alternative documentation may be used (as outlined below). If specific requirements are not provided below, REMN WS may use alternative documentation that is reasonable and prudent to rely upon in underwriting a Mortgage
 - <u>Credit</u> For borrowers with derogatory credit, REMN WS may consider the Borrower a satisfactory credit risk if the credit report indicates satisfactory credit prior to a disaster, and any derogatory credit subsequent to the date of the disaster is related to the effects of the disaster.
 - Income If prior employment cannot be verified because records were destroyed by the disaster, and the borrower is in the same/similar field, then FHA will accept W-2's and tax returns from the Internal Revenue Service (IRS) to confirm prior employment and income.
 - REMN WS may also include short-term employment obtained following the disaster in the calculation of Effective Income
 - <u>Liabilities</u> when a borrower is purchasing a new home, REMN WS may exclude the mortgage payment on the destroyed residence located in the PDMDA from the borrower's liabilities. To exclude the mortgage payment from the liabilities, REMN WS must;
 - Obtain information that the borrower is working with the servicer to appropriately address their mortgage obligation: and
 - Apply any property insurance proceeds to the mortgage of the damaged house.
 - Assets If traditional asset documentation is not available, REMN WS may use statements downloaded from the borrower's financial institution website to confirm the borrower has sufficient assets to close the Mortgage.
 - Housing Payment History 0x30 (i.e. no mortgage lates) payment history prior to the disaster event. REMN WS OVERLAY
 - <u>Note</u>: This applies only in cases where the mortgage history is known from the credit report and/or when a housing history is obtained based on underwriting criteria (e.g. lower FICO buckets, manual underwrites, etc.).

December 2024 9 of 110

203(h) Eligibility Documentation Requirements	 REMN WS must document and verify that the Borrower's previous residence was in the disaster area and was destroyed or damaged to such an extent that reconstruction or replacement is necessary. Documentation attesting to the damage of the previous house must accompany the mortgage application. If purchasing a new house, the house need not be located in the area where the previous house was located.
203(h) Refinancing Policy	> Refinancing is permitted in conjunction with rehabilitation.
Using Section 203(k) with 203(h) for Rehabilitation	Damaged residences located in a PDMDA are eligible for Section 203(k) mortgage insurance, regardless of the age of the property. The residence only needs to have been completed and ready for occupancy for eligibility under Section 203(k). All other Section 203(k) policies must be followed.

Good Neighbor Next Door (GNND) Sales Program

Overview

Law enforcement officers, pre-Kindergarten through 12th grade teachers, firefighters, and emergency medical technicians can contribute to community revitalization while becoming homeowners through HUD's Good Neighbor Next Door Sales Program. The borrower must meet the requirements for a law enforcement officer, teacher, firefighter or emergency medical technician outlined below and comply with HUD's regulations for the program.
- ➤ HUD requires that the borrower sign a second mortgage and note for the discount amount. No interest or payments are required on this "silent second" provided that the borrower fulfills the three-year occupancy requirement.
- The number of properties available is limited and the list of available properties changes weekly.

Participation Requirements

- Law Enforcement
 - Employed full-time by a law enforcement agency of the federal government, a state, a unit of general local government, or an Indian tribal government;
 - In carrying out such full-time employment, the person is sworn to uphold, and make arrests for violations of, federal, state, tribal, county, township, or municipal laws and

The full-time employment must, in the normal course of business, directly serve the locality where the home is located.

More than one FHA Loan

- In all cases other than those listed below, the borrower is not eligible to acquire another FHA insured mortgage until he/she has either
 - » Paid off the FHA-insured mortgage on the previous residence; or,
 - » Terminated ownership of that residence.

NOTE: The table below describes the only circumstances in which a borrower with an existing FHA-insured mortgage for a Principal Residence may obtain an additional FHA-insured mortgage on a new Principal Residence.

Relocation

- ➤ A borrower may be eligible to obtain another FHA-insured mortgage without being required to sell an existing property covered by an FHA-insured mortgage, if the borrower is;
 - » Relocating or has relocated due to an employment-related reason, and
 - » Establishing or has established a new principal residence in an area outside of 100 miles from his/her current principal residence.
 - » If the borrower subsequently returns to the area where he/she owns a property with an FHA-insured mortgage, his/she is not required to re-establish primary residence in that property in order to be eligible for another FHA-insured mortgage on a new principal residence provided the criteria in the two bullet-points above have been met.

General Credit Requirements Manual Underwriting

Borrowers

FHA's general credit policy requires REMN WS to analyze the Borrower's credit history, liabilities, and debts to determine creditworthiness.

- REMN WS must either obtain a Tri-Merged Credit Report (TRMCR) or a Residential Mortgage Credit Report (RMCR) from an independent consumer reporting agency.
- ➤ REMN WS must utilize the same credit report and credit scores sent to TOTAL.
- REMN WS must obtain a credit report for each Borrower who will be obligated on the mortgage Note. REMN WS may obtain a joint report for individuals with joint accounts.
- REMN WS must obtain a credit report for a non-borrowing spouse who resides in a community property state, or if the subject Property is located in a community property state. The credit report must indicate the non-borrowing spouse's SSN, where an SSN exists, was matched with the SSA, or REMN WS must either provide separate documentation indicating that the SSN was matched with the SSA or provide a statement that the non-borrowing spouse does not have an SSN. Where an SSN does not exist for a non-borrowing spouse, the credit report must contain, at a minimum, the non-borrowing spouse's full name, date of birth, and previous addresses for the last two (2) years.
- REMN WS is not required to obtain a credit report for non-credit qualifying Streamline Refinance transactions.
- Determining if the loan meets the maximum qualifying ratio when there is a non-occupant co-borrower on a purchase or rate/term transaction:
 - » If all borrowers (occupying and non-occupying) have a score use the lowest minimum decision score of all borrowers and consider all income, including non-occupying borrower
 - If at least one of the borrowers (occupying and non-occupying) has a score use the borrower minimum decision score – and consider all income, including non-occupying borrower.
 - » If all borrowers (occupying and non-occupying) do not have a score –follow the No-FICO maximum ratios guideline without using the non-occupant co-borrower's income even if it's a purchase or rate/term.

Decision Credit Score

- Full Tri-Merge Credit Report required on all borrowers.
- > Decision Credit Score method used on each borrower is;
 - » When three (3) scores are available (one from each repository), the median (middle) value is used if all 3 are different; when 2 of the three scores are the same, the duplicate score is used (see table below for examples).
 - » When only two (2) scores are available, the lesser of the two (2) is chosen;
 - » When only one (1) score is available, that score is used.
- Where the loan involves multiple borrowers, REMN WS must determine the minimum decision credit score for each borrower and then select the lowest minimum decision credit score for all borrowers.
- > Where the loan involves multiple borrowers and one (1) or more of the borrowers do not have a credit score (non-traditional or insufficient credit), REMN WS shall select the lowest minimum decision credit score of the borrower(s) with credit score(s).

Example: The borrower has a minimum decision credit score of 637. One (1) co-borrower has a minimum decision credit score of 619 and the other co-borrower has no credit score. The minimum decision score of 619 must be used to determine maximum ratios.

If "NA" or "No Score" only displays; this is not considered a credit score (see below for guidance).

in this of the score only displays, this is not considered a create score (see sciow for galacine).

Borrower Debt Certification

- Borrowers will be required to sign an affidavit at closing attesting that no new debt has been taken out since the initial 1003 and that the final 1003 is accurate.
 - » This closing document will not be required on Non-Credit Qualifying Streamline transactions.

REMN WS As with all loans, the Underwriter is responsible for analyzing the overall risk and reasonableness of the General file. If a loan has DU Approve/Eligible findings, but the number of trade lines is so insignificant or short in Requirements history that a satisfactory credit profile has not been established, the Underwriter may request additional information. Example: A file with a credit score in the 700's yet the borrower's entire credit profile consists of three (3) trade lines, maximum high credit of \$500 with a total of a six (6) month history. In this example the UW would ask for additional information regarding the borrower's ability to satisfactorily handle credit. Example: Borrower has three (3) trade lines; however, they covered a consistent/recent five (5) year period and had at least one (1) substantial high balance. In this example the UW would not have to ask for additional information. **Single Family** On July 7, 2021 the GSEs announced updates to their uniform instruments with a mandatory use requirement as of January 1, 2023 (2023 GSE Forms). The 2023 GSE Forms no longer align with FHA's 2015 **Mortgage Model Documents** instructions, which set forth FHA-specific modifications based on the 2001 GSE legal documents (2001 GSE Forms). The FHA is not requiring the use of the 2023 GSE Forms. However, if REMN WS does utilize the 2023 GSE Forms, the FHA has added instructions on the FHA-specific modifications that must be made to the 2023 GSE Forms to be acceptable for FHA mortgage insurance. The FHA will continue to accept the 2001 GSE Forms that include the specific modifications required by the FHA. <u>Click Here</u> to reference the specific modifications for the 2001 GSE Forms. <u>Click Here</u> to reference the specific modifications for the 2023 GSE Forms.

	gross monthly income.
	» The Borrower may not pay down the balance in order to meet the ten (10) month requirement.
	Accounts for which the Borrower is an authorized user must be included in the Borrower's DTI ratio

	of repayment for qualifying purposes. REMN WS must document that the funds used to pay off debts prior to closing came from an acceptable
	source, and the Borrower did not incur new debts that were not included in the DTI ratio.
	Negative income must be subtracted from the Borrower's gross monthly income, and not treated as recurring

Mortgage Debt (TOTAL)	 When an existing debt or obligation that is secured by a mortgage but is not listed on the mortgage application and/or credit report and not considered by TOTAL is revealed during the application process, REMN WS must obtain a Verification of Mortgage directly from the servicer. REMN requires the following criteria in order to consider verification from the servicer: If the servicer is a mortgage banking business that regularly services loans, but does not report to the credit bureaus, a statement on company letterhead or similar verification will be acceptable. If the servicer is a private individual and/or business that does not regularly service mortgage loans, 24mos cancelled checks will be required. If there is any doubt whether the business regularly services mortgage loans, the 24mos cancelled checks, money order receipts and/or bank statements will be required. A search of the internet which verifies that the business does regularly service loans would be acceptable evidence for acceptance of the company statement. The Mortgage must be downgraded to a Refer and manually underwritten if the mortgage history reflects: A current delinquency; 							
	 Any delinquency within twelve (12) months of the case number assignment date; OR 							
	More than two (2) 30-day late payments within 24 months of the case assignment date.

Payment History

A Borrower who was granted a Mortgage Payment Forbearance and continues to make payments as agreed under the terms of the original Note is not considered delinquent or late and shall be treated as if not in forbearance provided the Forbearance Plan is terminated at or prior to closing.

NOTE: When TOTAL Scorecard cannot "read" the mortgage history, all guidelines must be met including cancelled checks - See Undisclosed Mortgage Debt (TOTAL).

Late Mortgage Payments for Purchase and No Cash-Out Refinance

- The Mortgage must be downgraded to a Refer and manually underwritten if any mortgage trade line, including mortgage line-of-credit payments, during the twelve (12) months prior to case number assignments reflects:
 - » Three (3) or more late payments of greater than 30 Days;
 - » One (1) or more late payments of 60 Days plus one or more 30-Day late payments; or
 - » One (1) payment greater than 90 Days late.
 - That the borrower has made less than three (3) consecutive monthly housing payments since completion of a mortgage forbearance plan.
- A Mortgage that has been modified must utilize the payment history in accordance with the modification agreement for the time period of modification in determining late housing payments. In addition, where a Mortgage has been modified, the borrower must have made at least six (6) payments under the modification agreement to be eligible for a No Cash-Out Refinance.
- A Mortgage that has been granted forbearance must utilize the payment history in accordance with the Forbearance Plan for the time period of forbearance in determining late housing payments. Where any mortgage in forbearance will remain open after the closing of the new FHA insured mortgage, the Forbearance Plan must be terminated at or prior to closing. Any borrower who is granted a forbearance and is otherwise performing under the terms of the Forbearance Plan is not considered to be delinquent for purposes of credit underwriting.

Cash-Out Refinance Transactions

- REMN WS must document that the borrower has made all payments for all their mortgages within the month due for the previous 12 months OR since the borrower obtained the mortgage, whichever is less.
- 0x30 in the past twelve (12) months. NO exceptions.
 - If borrower has made less than 12 consecutive monthly mortgage payments since completion of a mortgage forbearance plan, the file must be manually downgraded.
- A Mortgage that has been modified must utilize the payment history in accordance with the modification agreement for the time period of modification in determining late housing payments.

NOTE: There is a contradiction in the 4000.1 which offers the ability to downgrade. The correct FHA guidelines are listed in the Cash-Out Refi section. Refer to the Cash-Out Refinance section regarding detailed housing obligation on cash out refinances.

Required Documentation

- Where a mortgage reflects payments under a Modification or Forbearance Plan within the twelve (12) months prior to case number assignment, REMN WS must obtain:
 - A copy of the Modification or Forbearance Plan; and
 - Evidence of the payment amount and date of payments during the forbearance term.

A Forbearance Plan is not required if the forbearance was due to the impacts of the Covid 19 National **Emergency**

Manual Underwriting

- > Housing Obligation/Mortgage Payment refers to the monthly payment due for rental or Properties owned.
 - » A Mortgage Payment is considered delinquent if not paid within the month due.
 - » A Borrower who was granted a Mortgage Payment Forbearance and continues to make payments as agreed under the terms of the original Note is not considered delinquent or late and shall be treated as if not in forbearance provided the Forbearance Plan is terminated at or prior to closing.
- > REMN WS must determine the Borrower's Housing Obligation payment history through:
 - » The credit report;
 - » Verification of rent received directly from the landlord (for landlords with no Identity of Interest with the Borrower);
 - » Verification of Mortgage received directly from the mortgage servicer; or
 - » A review of canceled checks that cover the most recent twelve (12) month period.
- REMN WS must verify and document the previous twelve (12) months' housing history. For Borrowers who indicate they are living rent-free, the Mortgagee must obtain verification from the property owner where they are residing that the Borrower has been living rent-free and the amount of time the Borrower has been living rent free.
- For both Purchase and No Cash-Out Refinance transactions, a Mortgage that has been modified must utilize the payment history in accordance with the modification agreement for the time period of modification in determining late housing payments. In addition, where a Mortgage has been modified, the borrower must have made at least six (6) payments under the Modification Agreement to be eligible for a No-Cash-Out Refinance.
 - » NOTE: If a Borrower was delinquent on a mortgage and it was brought current with a modification agreement, then any past-due or delinquent interest that gets added back onto the mortgage is no longer delinquent interest (becomes principal per the modification agreement). - > A Mortgage that was subject to Mortgage Payment Forbearance must utilize the Mortgage Payment History in accordance with the Forbearance Plan for the time period of the Forbearance in determining late housing payments.
- Any borrower who is granted a forbearance and is otherwise performing under the terms of the Forbearance Plan is not considered to be delinquent for purposes of credit underwriting.

	of the debt or five (5%) percent of the outstanding balance to establish the monthly payment.
Student Loans	TOTAL Scorecard & Manual Underwriting
Student Loans	Student Loans refer to liabilities incurred for educational purposes.
	> REMN WS must verify and include all Student Loans in the Borrower's debt, regardless of the payment
	type or status of payments.
	For outstanding Student Loans, REMN WS must calculate the monthly payment based on either:
	» The payment amount reported on the credit report or the actual documented payment, when the
	payment amount is above zero; or
	» One-Half percent (0.5%) of the outstanding balance on the loan, when the monthly payment
	reported on the borrower's credit report is zero.
	» Exception: Where a student loan payment has been suspended in accordance with Covid-19

	evidence of outstanding balance & terms from the creditor/servicer.

	» The Borrower may not pay down the balance in order to meet the ten (10) month requirement.

	CREDIT & UNDERWRITING								
Debts Paid Prior	Paid-in-Full by Borrower Prior to Closing								
to Closing or At	Evidence must be in the file that the account is paid in full.								
Closing	> REMN WS must source the funds to close the account with assets updated to reflect funds available for								
	closing.								
	Paid-in-Full by Borrower at Closing								
	Current balance as reported on the Borrower's credit report will be used to determine the payoff amount. If Borrower indicates that the current balance is lower than what is reported on the credit report, a current								
	statement, dated within 30 days of the closing, can be provided to verify the balance.								
	» Must be shown on CD if paid at closing.								
	> REMN WS must source the funds to close the account with assets updated to reflect funds available for								
	closing. (Note – if the account is being paid off with cash-out proceeds from the subject property cash-out								
	refinance transaction, then sourcing-of-funds is not required).								
	> REMN WS must document that the funds used to pay off debts prior to closing came from an acceptable								
	source, and the Borrower did not incur new debts that were not included in the DTI ratio.								
	> If debt is revolving, the account does not need to be closed, so long as the payoff balance provided is								
	accurate and all other qualifying factors listed above are met.								
	REMINDER: The Borrower may not pay down the balance of an installment debt to less than 10 months in order to omit the payment from the DTI ratio.								
Short Pay-Off	To be eligible for refinancing with a short pay-off, a borrower must be current on his/her mortgage. FHA								
J. J	will insure the first mortgage where the existing note holder(s) write off the amount of indebtedness that								
	cannot be refinanced into the FHA-insured mortgage.								
	For instances where the existing note holder(s) are unwilling to write down indebtedness, the loan will								
	not be eligible for financing.								
	REMN WS does not participate in the FHA Negative Equity Refinance program, which allows short payoffs								
Fodovol Toy	with negative equity.								
Federal Tax Debt	TOTAL Scorecard Federal debt refers to debt owed to the federal government for which regular payments are being made.								
Debt	> REMN WS must include the debt. The amount of the required payment must be included in the DTI.								
	If the delinquent federal tax debt has resulted in a lien, REMN WS must include documentation from the								
	federal agency evidencing the repayment agreement and verification of a minimum of three (3)								
	payments made in order to be eligible.								
	Those three (3) payments cannot be paid in advance.								
	The 3-month payment verification does not apply if the tax debt has NOT resulted in a lien (a renayment plan is still required).								
	repayment plan is still required) - Fxample 1:								
	 Example 1: Borrower is ready to file their return while a loan is in process and does not have the funds 								
	to pay the taxes owed.								
	 This could occur around April of any tax year and they do not file an extension. 								
	 This could occur around October of any tax year where an extension was filed in April 								
	and the tax return is now due.								
	The point of this example is when we need to see the tax return for purposes of								
	qualifying and the tax return is in the process of being filed. If the borrower will pay								
	the tax while the loan is in process, the deduction of the assets needed would be required, if the payment is due before the loan closes. The objective of this example is								
	not to imply that every single file must have evidence that IRS taxes are paid.								
	Borrower enters a repayment plan to pay those taxes and the borrower must provide us								
	with a copy of that approved plan.								
	The payment to the IRS must be considered, but the borrower does NOT need to make three								
	(3) payments in order to be eligible, as this is tax debt has not resulted in a lien status.								
	- Example 2:								
	IRS files a lien for taxes the borrower owed. The lien is filed in August 2016.								
	The borrower may or may not be in a payment plan. The point of the example is that								
	a lien has been filed. The borrower must make the August September, and October nayments								
	 The borrower must make the August, September, and October payments. The loan cannot close until after the October payment has been made. 								
	The loan must be qualified with the payment.								
	The foan must be quainted with the payment.

Contingent liabilities may include Co-Signer liabilities and liabilities resulting from a mortgage assumption without release of liability.

The debt is considered in the cash flow analysis where the Borrower's business tax returns reflect a business expense related to the obligation, equal to or greater than the amount of payments documented as paid out of company funds. Where the Borrower's business tax returns show an interest, expense related to the obligation, only the interest portion of the debt is considered in the cash flow analysis.
- When a self-employed Borrower states debt appearing on their personal credit report is being paid by their business, REMN WS must obtain documentation that the debt is paid out of company funds and that the debt was considered in the cash flow analysis of the Borrower's business.

If the credit report does not verify the date of the transfer of title through the foreclosure, the Mortgagee must obtain the foreclosure documents. **Manual Underwriting** A Borrower is generally not eligible for a new FHA-insured mortgage if the Borrower had a foreclosure or a DIL of foreclosure in the three (3) year period prior to the date of case number assignment. This three (3) year period begins on the date of the DIL or the date that the Borrower transferred ownership of the Property to the foreclosing Entity/designee. REMN WS may grant an exception to the three (3) year requirement if the foreclosure was the result of documented extenuating circumstances that were beyond the control of the Borrower, such as a serious illness or death of a wage earner, and the Borrower has re-established good credit since the foreclosure. Divorce is not considered an extenuating circumstance. An exception may, however, be granted where a Borrower's Mortgage was current at the time of the Borrower's divorce, the ex-spouse received the Property, and the Mortgage was later foreclosed. The inability to sell the Property due to a job transfer or relocation to another area does not qualify as an extenuating circumstance

Borrower with Prior Foreclosure with REMN WS – REMN WS Policy

TOTAL Scorecard & Manual Underwriting

 - The loan must be elevated to REMN WS Chief Credit Officer for consideration. A detailed memo explaining the reason(s) for the foreclosure will be required, including, but not limited to the following:
 - Factors that considered the reasons for the foreclosure, as well as the monetary loss incurred by REMN WS.
 - Explanation should be for "extraordinary" situations, such as a prolonged serious medical condition and/or death of a household wage-earner.
 - » The loan must otherwise meet all Agency/Investor guidelines that apply for foreclosure.

	CREDIT & UNDERWRITING
Deed-In-Lieu of Foreclosure	 TOTAL Scorecard REMN WS must manually downgrade to a Refer if the Borrower had a DIL of foreclosure in which title transferred from the Borrower within three (3) years of case number assignment. If the credit report does not verify the date of the transfer of title by DIL of foreclosure, REMN WS must obtain a copy of the DIL of foreclosure. Manual Underwriting A Borrower is generally not eligible for a new FHA-insured mortgage if the Borrower had a foreclosure or a DIL of foreclosure in the three (3) year period prior to the date of case number assignment. This three (3) year period begins on the date of the DIL or the date that the Borrower transferred ownership of the Property to the foreclosing Entity/designee.

Divorce is not considered an extenuating circumstance. If the foreclosure or DIL of foreclosure was the result of a circumstance beyond the Borrower's control, REMN WS must obtain an explanation of the circumstance and document that the circumstance was beyond the Borrower's control.
Extenuating Circumstances	 REMN WS may grant an exception to the waiting period requirement if the significant derogatory credit event was the result of documented extenuating circumstances that were beyond the control of the Borrower, such as a serious illness or death of a wage earner, and the Borrower has re-established good credit since the event. Divorce is not considered an extenuating circumstance. An exception may, however, be granted where a Borrower's Mortgage was current at the time of the Borrower's divorce, the ex-spouse received the Property, and the Mortgage was later foreclosed. The inability to sell the Property due to a job transfer or relocation to another area does not qualify as an extenuating circumstance.

CREDIT & UNDERWRITING

Non-Traditional and Insufficient Credit

Manual Underwriting ONLY

- For Borrowers without a credit score, REMN WS must either obtain a Non-Traditional Mortgage Credit Report (NTMCR) from a credit reporting company or independently develop the Borrower's credit history using the requirements outlined below.
- > Sufficiency of Credit References To be sufficient to establish the Borrower's credit, the credit history must include three (3) references, including at least one (1) of the following:
 - » Rental housing payments (subject to independent verification if the Borrower is a renter);
 - » Telephone service; or
 - » Utility company reference (if not included in the rental housing payment), including:
 - Gas;
 - Electricity;
 - Water;
 - Television service; or
 - Internet service.

If REMN WS cannot obtain all three credit references from the list above, REMN WS may use the following sources of unreported recurring debt:

- Insurance premiums not payroll deducted (for example, medical, auto, life, renter's insurance);
- Payment to child care providers made to businesses that provide such services;
- School tuition;
- Retail store credit cards (for example, from department, furniture, appliance stores, or specialty stores);
- Rent-to-own (for example, furniture, appliances);
- Payment of that part of medical bills not covered by insurance;
- A documented 12-month history of savings evidenced by regular deposits resulting in an increased balance to the account that:
 - » Were made at least quarterly;
 - » Was not payroll deducted, and;
 - » Caused no insufficient funds (NSF) checks;
- An automobile lease;
- A personal loan from an individual with repayment terms in writing and supported by cancelled checks to document the payments; or
- A documented 12-month history of payment by the Borrower on an account for which the Borrower is an authorized user.

General Credit Manual Underwriting

The Underwriter must examine the Borrower's overall pattern of credit behavior, not just isolated unsatisfactory or slow payments, to determine the Borrower's creditworthiness.

NOTE: manually underwritten loans that don't meet "satisfactory credit definition" in 4000.1 must be approved by an underwriting manager

- REMN WS must not consider the credit history of a non-borrowing spouse.
 - » The Underwriter must evaluate the Borrower's payment histories in the following order: (1) Previous housing expenses and related expenses, including utilities; (2) Installment debts; and (3) Revolving accounts.

Satisfactory Credit

- The underwriter may consider a Borrower to have an acceptable payment history if the Borrower has made all housing and installment debt payments on time for the previous twelve (12) months and has no more than two (2) 30-Day late Mortgage Payments or installment payments in the previous 24 months.
- > The underwriter may approve the Borrower with an acceptable payment history if the Borrower has no major derogatory credit on revolving accounts in the previous twelve (12) months.
- Major derogatory credit on revolving accounts must include any payments made more than 90 Days after the due date, or three (3) or more payments more than 60 Days after the due date.

Payment History Requiring Additional Analysis

- If a Borrower's credit history does not reflect satisfactory credit as stated above, the Borrower's payment history requires additional analysis
- > REMN WS must analyze the Borrower's delinquent accounts to determine whether late payments were based on a disregard for financial obligations, an inability to manage debt, or extenuating circumstances. The Mortgagee must document this analysis in the mortgage file. Any explanation or documentation of delinquent accounts must be consistent with other information in the file.
- > The underwriter may only approve a Borrower with a credit history not meeting the satisfactory credit history above if the underwriter has documented the delinquency was related to extenuating circumstances.

CREDIT & UNDERWRITING Payment Shock In order to provide clarity and consistency on both the calculation and how the result is displayed, REMN - REMN WS WS will adopt the following calculation: **Policy** Proposed housing payment/present housing payment Take that result and subtract "1.00" and then multiply by 100 The result will show the actual percentage Example: Assumption & Calculation - Within Guidelines (Government Loans Under 640) Proposed Housing Payment = \$1,400 Present Housing Payment = \$950 \$1,400/\$950 = 1.47 1.47 - 1.00 = .47 $.47 \times 100 = 47$ (or a 47% increase) Example: Assumption & Calculation – Outside Guidelines (Government Loans Under 640) Proposed Housing Payment = \$1,400 Present Housing Payment = \$650 \$1,400/\$650 = 2.15 2.15 - 1.00 = 1.151.15 x 100 = 115 (or a 115% increase) It is not necessary to calculate "payment shock" when the borrower's proposed housing payment is less than their present housing payment.

Multiple Social Security Numbers MLOs/Loan Partners, Set-up/Transaction Coordinators, Processors, and Underwriters must review the loan file for any variance in social security numbers; the social security number (SSN) on all loan file documents must match. In addition, associates must review the additional social security number(s) section located on the borrower's credit report.

If there is any variance of SSN within the loan file or if there are any additional SSNs appearing on the credit report, the REMN WS policy & procedure for <u>Multiple Social Security Numbers Review</u> must be followed to determine if the loan can proceed.

INCOME & EMPLOYMENT		
Verbal VOE	> A Verbal Verification of Employment is required within 10 calendar days of the Note date.	
	Verbal VOE is NOT required for self-employed borrowers.	
	> Business License, CPA Letter or Federal Tax ID Certificate required for all self-employed borrowers (3 rd	
	party verification is required).	
	> Minimum two (2) year employment history must be verified.	
Effective Income	Effective Income refers to income that may be used to qualify a Borrower for a mortgage. Effective Income	
	must be reasonably likely to continue through at least the first three (3) years of the mortgage, and meet the	
	specific requirements described below. General Income Requirements	
	REMN WS must document the Borrower's income and employment history, verify the accuracy of the	
	amounts of income being reported, and determine if the income can be considered as Effective Income	
	in accordance with the requirements listed below.	
	REMN WS may only consider income if it is legally derived and, when required, properly reported as	
	income on the Borrower's tax returns.	
	> Negative income must be subtracted from the Borrower's gross monthly income, and not treated as a	
	recurring monthly liability unless otherwise noted.	
	> If the income documents are not received in English, REMN WS must provide a complete and accurate	
	translations for each document.	
	Employment Related Income	
	Employment Related Income refers to income received as an employee of a business that is reported on	
	IRS Form W2.	
	REMN WS may use Employment Related Income as Effective Income in accordance with the standards	
	provided for each type of Employment Related Income.	
	For all Employment Related Income, REMN WS must verify the Borrower's most recent two (2) years of employment and income, and document using one of the following methods.	
	Traditional Current Employment Documentation	
	REMN WS must obtain the most recent pay stub and one of the following to verify current employment:	
	> A written Verification of Employment (VOE) covering two years; or	
	> An electronic verification acceptable to FHA.	
	o If the electronic verification is a Written Verification of Employment (WVOE) from Work Number	
	for Everyone, a paystub is not required.	
	 Electronic verification from any other TPV requires a paystub. 	
	Re-verification of employment must be completed within 10 Days prior to the date of the Note. Verbal	
	re-verification of employment is acceptable.	
	Alternative Current Employment Documentation	
	If using alternative documentation, the Mortgagee must:	
	Obtain copies of the most recent pay stub that shows the Borrower's year-to-date earnings;	
	> Obtain copies of the original IRS W-2 forms from the previous two years; and	
	> Document current employment by telephone, sign and date the verification documentation, and note the	
	name, title, and telephone number of the person with whom employment was verified.	
	> Re-verification of employment must be completed within 10 Days prior to the date of the Note. Verbal re-verification of employment is acceptable.	
	Past Employment Documentation	
	Direct verification of the Borrower's employment history for the previous two years is not required if all of the	
	following conditions are met:	
	The current employer confirms a two-year employment history, or a paystub reflects a hiring date.	
	 Only base pay is used to qualify (no Overtime, Bonus or Tip Income). 	
	The Borrower executes IRS Form 4506, Request for Copy of Tax Return, IRS Form 4506-T, Request for	
	Transcript of Tax Return, or IRS Form 8821, Tax Information Authorization, for the previous two tax years.	
	If the applicant has not been employed with the same employer for the previous two (2) years and/or not all	
	conditions immediately above can be met, then REMN WS must obtain one (1) or a combination of the	
	following for the most recent two (2) years to verify the applicant's employment history:	
	> W2(s)	
	> VOE(s)	
	Electronic varification accontable to EHA

Electronic verification acceptable to FHA

Income Documentation

- > Most recent paystub showing year-to-date earnings of at least one (1) months; and
- W2's for prior two (2) years or as per DU Findings recommendation.

NOTE: REMN WS will only accept a fully completed VOE as a supplement to further explain the type of income earned (e.g., breakdown of income; Base, OT, Bonus, Commission, etc.).

INCOME & EMPLOYMENT Primary Primary Employment is the Borrower's principal employment, unless the income falls within a specific **Employment** category identified below. Primary employment is generally full-time employment and may be either salaried or hourly. Covid-19 Related Economic Event refers to temporary loss of employment, temporary reduction of income, or temporary reduction of hours worked during the Presidentially-Declared Covid-19 National Emergency. The Mortgagee may use primary Employment Income as Effective Income. Salary Standard Employees who are salaried and whose income has been and will likely be consistently earned, REMN WS must use the current salary to calculate Effective Income. Exception Due to Covid-19 Related Economic Event For Employees who are salaried and whose current income will likely be consistently earned, REMN WS must use the current salary to calculate Effective Income. Hourly **Standard** Employees who are paid hourly, and whose hours do not vary, REMN WS must consider the Borrower's current hourly rate to calculate Effective Income. Employees who are paid hourly and whose hours vary, REMN WS must use the average of the income over the previous two (2) years. If REMN WS can document an increase in pay rate REMN WS may use the most recent twelve (12) month average of hours at the current pay rate. Exception Due to Covid-19 Related Economic Event For Employees who are salaried and whose current income will likely be consistently earned, REMN WS must use the current salary to calculate Effective Income. For employees who are paid hourly and whose hours vary, REMN WS must calculate the Effective Income by using the lesser of: The average of the income in accordance with above calculation of Effective Income for the time period prior to the Covid-19 Related Economic Event, OR The average of income earned since the Covid-19 Related Economic Event **Part-Time** Part-Time Employment refers to employment that is not the Borrower's primary employment and is generally **Employment** performed for less than 40 hours per week. REMN WS may use Employment Income from Part-Time Employment as Effective Income if the Borrower has worked a part-time job uninterrupted for the past two (2) years and the current position is reasonably likely to continue. **Calculation of Effective Income** REMN WS must average the income over the previous two (2) years. If REMN WS can document an increase in pay rate REMN WS may use a 12-month average of hours at the current pay rate. **Part-Time** Part-Time Employment refers to employment that is not the Borrower's primary employment and is generally **Employment** performed for less than 40 hours per week. REMN WS may use Employment Income from Part-Time Employment as Effective Income if the Borrower has worked a part-time job uninterrupted for the past two (2) years and the current position is reasonably likely to continue. **Calculation of Effective Income** REMN WS must average the income over the previous two (2) years. If REMN WS can document an increase in pay rate REMN WS may use a 12-month average of hours at the current pay rate. **Exception Due to Covid-19 Related Economic Event** For employees who are paid hourly wand whose hours do not vary, REMN WS must use the current hourly rate to calculate Effective Income. For employees who are paid hourly and whose hours vary, REMN WS must calculate the Effective Income by using the lesser of: The average of the income in accordance with above calculation of Effective Income for the time period prior to the Covid-19 Related Economic Event, OR The average of income earned since the Covid-19 Related Economic Event

December 2024 65 of 110

Overtime, Bonus Overtime, Bonus or Tip Income refers to income that the Borrower receives in addition to the Borrower's or Tip Income normal salary. REMN WS may use Overtime, Bonus or Tip Income as Effective Income if the Borrower has received this income for the past two (2) years and it is reasonably likely to continue. Periods of Overtime, Bonus or Tip Income less than two years may be considered Effective Income if the Mortgagee documents that the Overtime, Bonus or Tip Income has been consistently earned over a period of not less than one (1) year and is reasonably likely to continue. **Calculation of Effective Income** For employees with Overtime, Bonus or Tip Income, REMN WS must calculate the Effective Income by using the lesser of: The average Overtime, Bonus or Tip Income earned over the previous two (2) years or, if less than two (2) years, the length of time Overtime, Bonus or Tip income has been earned; or The average Overtime, Bonus or Tip Income earned over the previous year. NOTE: When determining overtime and/or bonus and/or tip income, the borrower's year-to-date (YTD) earnings can be included in the calculation, provided they are properly documented. **Exception Due to Covid-19 Related Economic Event** For employees with Overtime, Bonus, or Tip Income, REMN WS must calculate the Effective Income by using the lesser of: The average of the income in accordance with above calculation of Effective Income for the time period prior to the Covid-19 Related Economic Event, OR The average of Overtime, Bonus, or Tip Income earned since the Covid-19 Related Economic Event Seasonal Seasonal Employment refers to employment that is not year-round, regardless of the number of hours per **Employment** week the Borrower works on the job. REMN WS may consider Employment Income from Seasonal Employment as Effective Income if the Borrower has worked the same line of work for the past two (2) years and is reasonably likely to be rehired for the next season. REMN WS may consider unemployment income as Effective Income for those with Effective Income from Seasonal Employment. NOTE - Unemployment compensation cannot be used to qualify the borrower unless it is clearly associated with Seasonal Employment that is reported on the Borrower's signed federal income tax returns. **Required Documentation** For seasonal employees with unemployment income, the Mortgagee must document the unemployment income for two (2) full years and there must be reasonable assurance that this income will continue. Calculation of Effective Income For employees with Employment Income from Seasonal Employment, REMN WS must average the income earned over the previous two (2) full years to calculate Effective Income. **Union Workers** If the borrower is a union member and employed full-time through the employer on a W-2 basis, then no additional verification of employment is required outside of what is requested by the DU Approve/Eligible findings. For union members who are employed through the union/union hall (i.e. contract employees, tradesmen) and/or receive variable sources of income from assigned union jobs, then additional verification may be required to evidence stability of employment/income (i.e. two years Federal Income Tax Returns). **Employer** Employer Housing Subsidy refers to employer-provided mortgage assistance. **Housing Subsidy** REMN WS may utilize Employer Housing Subsidy as Effective Income. **Required Documentation** REMN WS must verify and document the existence and the amount of the housing subsidy. **Calculation of Effective Income** For employees receiving an Employer Housing Subsidy, REMN WS may add the Employer Housing Subsidy to the total Effective Income but may not use it to offset the Mortgage Payment.

Documentation Requirements Income from SSA

- All income from the Social Security Administration (SSA) including, but not limited to, Supplemental Security Income (SSI), Social Security Disability (SSDI) and Social Security (SS) income can be used to qualify the borrower if the income has been verified and is likely to continue for at least a three (3) year period from the date of the mortgage application with REMN WS.
- REMN WS must verify income by obtaining from the borrower any one (1) of the following:
 - » Federal Tax Returns,
 - » The most recent bank statement evidencing receipt of income from the SSA,
 - » Proof of Income Letter, also known as "Budget Letter" or "Benefits Letter" that evidences income from the SSA: or.

If any income from the SSA is due to expire within three (3) years from the date of the mortgage application with REMN WS, that income may only be considered as a compensating factor.
- If the Notice of Award or equivalent documentation does not have a defined expiration date, REMN WS shall consider the income effective and likely to continue. REMN WS should not request additional documentation from the borrower to demonstrate continuance of SSA income. Under no circumstances should REMN WS inquire into or request documentation concerning the nature of the disability or medical condition of the borrower.
- > Pending or current re-evaluation of medical eligibility for benefit payments is not considered an indication that the benefit payment is not likely to continue.
- An initial Notice of Awards letter (or its equivalent) may specify a start date for receipt of income in the future. REMN WS may consider this income as effective income as of the start date specified in the Notice of Award. The borrower must have other income to qualify for the mortgage until the start date of receipt of income.
- > Other forms of long-term disability (such as workers' compensation or private insurance) may be considered for qualifying income with a reasonable expectation of continuance. REMN WS should use procedures similar to those noted above to verify such income.

ASSETS REMN WS must verify and document the deposit amount and source of funds if the amount of the earnest **Earnest Money Deposit** money deposit exceeds one (1%) of the sales price or is excessive based on the Borrower's history of accumulating savings, by obtaining: Copy of the Borrowers canceled check, Certification from the deposit holder acknowledging receipt of funds; or, A Verification of Deposit (VOD) or bank statement showing that the average balance was sufficient to cover the amount of earnest money deposit at the time of deposit. VOD's alone are not acceptable as the primary source of verification. NOTE: On an exception basis only, REMN WS Operations and/or UW Managers may approve the use of a completed Verification of Deposit (VOD) in lieu of bank statements as described below. This VOD is only allowed in cases where the bank statements have not yet been received. If bank statements have been received, the exception allowance for the VOD is NOT available. Obtain an explanation and documentation for recent large deposits in excess of 1% of the property sales price, or 1% of the adjusted value on refinance transactions when the borrower is to bring funds to Verify that any recent debts were not incurred to obtain part, or all, of the required cash investment on the property being purchased. Case Numbers Issued On or After August 19, 2024 For individual deposits of more than 50 percent of the total monthly Effective Income, REMN WS must obtain documentation of the deposits. REMN WS must also verify that the deposits are reasonable with the Borrower's income and savings history and no debts were incurred to obtain part, or all, of the MRI For example, an Effective (gross) income of \$5,000 per month and deposits of (net) \$15,000 should be explained. **Traditional Documentation** REMN WS must obtain a written VOD and the Borrower's most recent statement for each account. **Alternative Documentation** If a VOD is not obtained, a statement showing the previous month's ending balance for the most recent month is required. If the previous month's balance is not shown, REMN WS must obtain statement(s) for the most recent two (2) months. **Streamline Transactions** Credit Qualifying Follow standard asset requirements Non-Credit Qualifying Assets must be verified if the funds to close, brought by the borrower, exceed the total Mortgage Payment of the new mortgage. In this instance, REMN WS should obtain 2 months bank statements. The underwriter is responsible for reviewing the reasonableness of the deposits. Note: The 50% test is not applicable since income is not verified **Private Savings** Private Savings Club (a/k/a Su-Su accounts) refers to a non-traditional method of saving by making deposits Club into a member-managed resource pool. REMN WS must verify and document that the Borrower has sufficient funds from an acceptable source to facilitate the closing.

Determining the Amount Needed for Closing

- For a purchase transaction, the amount of cash needed by the Borrower to close an FHA-insured Mortgage is the difference between the total cost to acquire the Property and the total mortgage amount.
- For a refinance transaction, the amount of cash needed by the Borrower to close an FHA-insured Mortgage is the difference between the total payoff requirements of the Mortgage being refinanced and the total mortgage amount.
 - » For Streamline transactions, see Checking and Savings Accounts for details on verifying funds to close.

REMN WS Responsibility for Estimating Settlement Requirements

In addition to the MRI, additional Borrower expenses must be included in the total amount of cash that the Borrower must provide at mortgage settlement.

Origination Fees and Other Closing Costs

Upfront Mortgage Insurance Premium Amounts

Real Estate Agent Fees

» If a Borrower is represented by a real estate agent and must pay any fee directly to the agent, that expense must be included in the total of the Borrower's settlement requirements.

Repairs and Improvements

Premium Pricing on FHA-Insured Mortgages

- » Premium Pricing refers to a credit from a Mortgagee for the interest rate chosen.
- » Premium Pricing may be used to pay a Borrower's actual closing costs and/or prepaid items. Closing costs paid in this manner do not need to be included as part of the Interested Party limitation.
- » The funds derived from a premium priced Mortgage:
 - Must be disclosed in accordance with RESPA;
 - Must be used to reduce the principal balance if the credit amount exceeds the Actual dollar amount for closing costs and prepaid expenses; and
 - May not be used for payment of debts, collection accounts, escrow shortages or missed Mortgage Payments, or Judgments.

Interested Party Contributions on the Settlement Statement

- » REMN WS may apply Interested Party credits to the closing costs and prepaid items including any items Paid Outside Closing (POC).

Real Estate Tax Credits

December 2024 85 of 110

- Where real estate taxes are paid in arrears, the seller's real estate tax credit may be used to meet the MRI, if REMN WS documents that the Borrower had sufficient assets to meet the MRI and the Borrower paid closing costs at the time of underwriting.
- » This permits the Borrower to bring a portion of their MRI to the closing and combine that portion with the real estate tax credit for their total MRI.

December 2024 86 of 110

Minimum Required Investment

- Minimum Required Investment (MRI) refers to the Borrower's contribution in cash or its equivalent, which represents at least 3.5% of the Adjusted Value of the Property.
- ➤ The funds for the borrower's MRI must not come from:
 - » The seller of the property;
 - » Any other person or entity who financially benefits from the transaction (directly or indirectly); or
 - » Anyone who is or will be reimbursed, directly or indirectly, by any party included in the above two.
- While additional funds to close may be provided by one of these sources if permitted under the relevant source of funds requirement, none of the borrower's MRI may come from these sources.

Required Documentation

Where the borrower's MRI is provided by someone other than the borrower, REMN WS must obtain documentation to support the permissible nature of the source of those funds.

To establish that the Governmental Entity provided the borrower's MRI in a manner consistent with HUD's Interpretive Rule, REMN WS must document that the Governmental Entity incurred prior to or at closing an enforceable legal liability or obligation to fund the borrower's MRI. It is not sufficient to document that the Governmental Entity has agreed to reimburse REMN WS for the use of funds legally belonging to REMN WS to funds the borrower's MRI.

- REMN WS must obtain:
 - » Gift Letter evidence showing the borrower as the recipient and the amount of funds provided.
 - » A cancelled check, evidence of wire transfer or other draw request showing that prior to or at the time of closing the Governmental Entity had authorized a draw of funds provided towards the borrower's MRI from the Governmental Entity's account; or
 - » A letter from the Governmental Entity, signed by an authorized official, establishing that the funds provided towards the borrower's MRI were funds legally belonging to the Governmental Entity, when acting in their governmental capacity, at or before closing.
- > Where a letter from the Governmental Entity is submitted, the precise language of the letter may vary, but must demonstrate that the funds provided for the borrower's MRI legally belonged to the Governmental Entity at or before closing, by stating, for example:
 - » The Governmental Entity has, at or before closing, incurred a legally enforceable liability as a result of its agreement to provide the funds towards the borrower's MRI;
 - » The Governmental Entity has, at or before closing, incurred a legally enforceable obligation to provide the funds towards the borrower's MRI; or
 - » The Governmental Entity has, at or before closing, authorized a draw on its account to provide the funds towards the borrower's MRI.
- While REMN WS is not required to document the actual transfer of funds in satisfaction of the obligation or liability, the failure of the Governmental Entity to satisfy the obligation or liability may result in a determination that the funds were provided by a prohibited source.
- Closing Costs as Required Investment
 - » Closing costs (non-recurring closing costs, prepaid expenses and discount points) may not be used to help meet the borrower's minimum required investment.
- Credit Card Payment for Appraisal/Credit Report
 - The borrower may use a credit card to pay for the appraisal and credit report. These costs cannot be considered to help meet the required 3.5% investment.
- Collateralized Loans
 - » Collateralized loans are an acceptable source for the borrower's minimum required investment.
 - » A collateralized loan is a loan that is fully secured by a financial asset of the borrower, such as deposit accounts, CDs, investment accounts, or real property.
 - » Unsecured loans such as cash advances and borrowing against personal property are not acceptable for the MRI.
 - Note: A car is considered personal property. Thus, a car loan is not acceptable for the MRI.
- > See <u>Tax Proration</u> for additional information on minimum required investment.

Permitted Level of Secondary Financing Assistance

FHA may approve an NPIOG to provide secondary financing for as much as 100% of the Borrower's Minimum Required Investment (MRI). If approved, FHA will issue the NPIOG an approval letter, and this approval will be reflected on the FHA Nonprofit Organization Roster and in FHAC. Interested Parties should check the Roster to ensure the approval status of an NPIOG.

NOTE: If the NPIOG is NOT an "instrumentality of the government 501(c)(3) organization", they <u>cannot</u> provide the minimum required investment.

Gifts from Charitable Organizations that Lose or Give Up Their Federal Tax-Exempt Status

- If a charitable organization makes a gift that is to be used for all, or part, of a Borrower's down payment, and the organization providing the gift loses or gives up its federal tax-exempt status, FHA will recognize the gift as an acceptable source of the down payment provided that:
 - » The gift is made to the Borrower;
 - » The gift is properly documented; and
 - » The Borrower has entered into a contract of sale (including any amendments to purchase price) on or before the date the IRS officially announces that the charitable organization's tax-exempt status is terminated.

Responsibility for Ensuring that Down Payment Assistance Provider is a Charitable Organization

- > REMN WS is responsible for ensuring that an Entity providing down payment assistance is a charitable organization as defined by Section 501(a) of the Internal Revenue Code (IRC) of 1986 pursuant to Section 501(c) (3) of the IRC.

Secondary Financing

Secondary Financing is any financing other than the first Mortgage that creates a lien against the Property. Any such financing that does create a lien against the Property is not considered a gift or a grant even if it does not require regular payments or has other features forgiving the debt.

Secondary Financing Provided by Governmental Entities and HOPE Grantees

- > A Governmental Entity refers to any federal, state, or local government agency or instrumentality.
- > To be considered an Instrumentality of Government, the Entity must be established by a governmental body or with governmental approval or under special law to serve a particular public purpose or designated by law (statute or court opinion) and does not have 501(c)(3) status. HUD deems Section 115 Entities to be Instrumentalities of Government for the purpose of providing secondary financing.
- Homeownership and Opportunity for People Everywhere (HOPE) Grantee refers to an Entity designated in the homeownership plan submitted by an applicant for an implementation grant under the HOPE program.
- > FHA will insure a first Mortgage on a Property that has a second Mortgage or lien made or held by a Governmental Entity, provided that:
 - » The secondary financing is disclosed at the time of application;
 - » No costs associated with the secondary financing are financed into the FHA-insured first Mortgage;
 - » The insured first Mortgage does not exceed the FHA Nationwide Mortgage Limit for the area in which the Property is located;
 - » The secondary financing payments are included in the total Mortgage Payment;
 - » Any secondary financing of the Borrower's MRI fully complies with the additional requirements set forth in Source Requirements for the Borrower's MRI;
 - » The secondary financing does not result in cash back to the Borrower except for refund of earnest money deposit or other Borrower costs paid outside of closing; and
 - » The second lien does not provide for a balloon payment within ten (10) years from the date of execution.
- Nonprofits assisting a Governmental Entity in the operation of its secondary financing programs must have HUD approval and placement on the Nonprofit Organization Roster unless there is a documented agreement that:
 - » The functions performed are limited to the Governmental Entity's secondary financing program; and
 - » The secondary financing legal documents (Note and Deed of Trust) name the Governmental Entity as the Mortgagee.
- Secondary financing that will close in the name of the nonprofit and be held by a Governmental Entity must be made by a HUD-approved Nonprofit.
- > REMN WS must enter information on HUD-approved Nonprofits into FHA Connection (FHAC), as applicable.
- > Secondary financing provided by Governmental Entities or HOPE grantees may be used to meet the Borrower's MRI. Any loan of the Borrower's MRI must also comply with the additional requirements set forth in Source Requirements for the Borrower's MRI.
- > There is no maximum Combined Loan-to-Value (CLTV) for secondary financing loans provided by Governmental Entities or HOPE grantees.
- Any secondary financing meeting this standard is deemed to have prior approval in accordance with 24 CFR § 203.32.

ASSETS

Family Members

- FHA will insure a first Mortgage on a Property that has a second Mortgage or lien held by a Family Member (for definition of family member, see <u>Definition of Family Member</u> section), provided that:
 - » The secondary financing is disclosed at the time of application;
 - » No costs associated with the secondary financing are financed into the FHA-insured first Mortgage;
 - » The secondary financing payments must be included in the total Mortgage Payment;
 - » The secondary financing must not result in cash back to the Borrower except for refund of earnest money deposit or other Borrower costs paid outside of closing;

 - » Any periodic payments are level and monthly;
 - » There is no prepayment penalty;
 - If the Family Member providing the secondary financing borrows the funds, the lending source may not be an Entity with an Identity of Interest in the sale of the Property, such as the:
 - Seller;
 - Builder;
 - Loan originator; or
 - Real estate agent;
 - » Mortgage companies with retail banking Affiliates may have the Affiliate lend the funds to the Family Member. However, the terms and conditions of the loan to the Family Member cannot be more favorable than they would be for any other Borrowers;
 - » If funds loaned by the Family Member are borrowed from an acceptable source, the Borrower may not be a co-Obligor on the Note;
 - » If the loan from the Family Member is secured by the subject Property, only the Family Member provider may be the Note holder; and
 - » The secondary financing provided by the Family Member must not be transferred to another Entity at or subsequent to closing.
- Any secondary financing meeting this standard is deemed to have prior approval in accordance with 24 CFR § 203.32.

Required Documentation

- » REMN WS must obtain from the provider of any secondary financing:
 - » Documentation showing the amount of funds provided to the Borrower for each transaction and source of funds; and
 - » Copies of the loan instruments

If the secondary financing funds are being borrowed by the Family Member and documentation from the bank or other savings account is not available, REMN WS must have the Family Member provide written evidence that the funds were borrowed from an acceptable source, not from a party to the transaction, including the Mortgagee.

NOTE: Mortgages with PACE or HERO programs as a subordinate/secondary financing option are not eligible for financing (all states).

Rent Credit

Rent Credits refer to the amount of the rental payment that exceeds the Appraiser's estimate of fair market rent.

- > The cumulative amount of rental payments that exceed the appraiser's estimate of fair market rent may be considered accumulation of the borrower's cash investment. The loan file must include;
 - » Rent with Option to Purchase Agreement; and
 - » Appraiser's estimate of market rent (1007).
 - » Evidence of receipt of timely rental payments.
- Conversely, the Underwriter must treat the rent as an inducement to purchase, with an appropriate reduction to the mortgage, if the sales agreement reveals that the borrower;
 - » Has been living in the property rent-free, or
 - » Has an agreement to occupy the property as a rental considerably below fair market value in anticipation of the eventual purchase.

Exception: An exception may be granted when a builder; fails to deliver a property at an agreed to time; and, permits the borrower to occupy and existing or other unit for less than market rent until construction is completed.

	ASSETS
Tax Proration	 FHA will allow tax proration to be considered as part of the borrower's minimum required investment provided that REMN WS has verified the borrower has the minimum required investment (in assets) prior to or at closing. In additional, all HOC's will continue to permit the borrower to only bring the actual dollar amount necessary to meet minimum required investment less the tax credit they will receive at closing. Where real estate taxes are paid in arrears, the seller's real estate tax credit may be used to meet the MRI, if the Mortgagee documents that the Borrower had sufficient assets to meet the MRI and the Borrower paid closing costs at the time of underwriting. This permits the Borrower to bring a portion of their MRI to the closing and combine that portion with the real estate tax credit for their total Minimum Required Investment.
Verifying Acceptability of Gift Funds	 The source of the donor's funds does not need to be documented. However, if there is legitimate evidence or concern that the funds are from an unacceptable source, then the file must be elevated. When the transfer occurs at closing, REMN WS is responsible for verifying that the closing agent received the funds from the donor for the amount of the gift and that the funds were from an acceptable source. See Gift Funds Transfer for documentation requirements. As a general rule, FHA is not concerned with how a donor obtains gift funds, provided that they are not derived in any manner from a party to the sales transaction. Donors may borrow gift funds from any acceptable source, provided the borrowers are not obligated on any note to secure money borrowed to give the gift.

	OTHER REAL ESTATE OWNED	
Number of Properties Owned / Financed with REMN WS	 Borrowers who own more than four (4) properties (including the subject property) are not eligible for financing with REMN Wholesale. The four-property limit is cumulative for all borrowers, and includes properties owned free and clear, properties held in an LLC, and commercial properties. Exceptions may be granted on a case-by-case basis with REMN Wholesale executive management approval. A price adjustment may apply. Multiple simultaneous loan submissions require an exception from REMN WS management. REMN limits its exposure to a maximum of 4 loans per borrower. The preferred method for processing multiple mortgages for the same borrower, but on different properties is to process, underwrite and close them at the same time. Essentially once all of the mortgages are closed, they would "mirror" one another, with each property reflecting the new mortgages on the other properties. 	
Properties Owned Free & Clear	with each property reflecting the new mortgages on the other properties. If a borrower indicates a property they own is owned free and clear the following is required. IRS Transcript to verify no mortgage interest taken. If the property was purchased with the current calendar year (so transcript not available), a copy of the HUD/CD showing it was purchased with no mortgage PLUS one (1) of the following additional documents: Copy of hazard insurance declaration page showing no mortgagee listed; or, Copy of MERS report for property showing no mortgage listed; or, Copy of Data Verify report showing no mortgage listed.

Appraisal

For complete appraisal requirements, please refer to FHA Handbook 4000.1 at the following link: https://www.hud.gov/program_offices/housing/sfh/handbook_4000-1

- II. Origination Through Post Closing/Endorsement
- B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages
- 1. Commencement of the Appraisal
- Appraisal photos must be taken of the front and rear at opposite angles to show all sides of the subject property.
- Additional photos are required for any improvements with contributory value that are not captured in either the front or rear photograph.
- Street scene photo must include a portion of the subject site.
- > If the subject property is new construction, include photos that depict the subject's grade and drainage.
- If the subject property is proposed construction and the improvements have not been started, the appraiser should take a photograph that shows the grade of the vacant lot.
- Comparable Photos
 - » Photos depicting the front view of each comparable sale utilized must be those taken by the appraiser. Photos taken at an angle to depict both the front and the side when possible. Multiple Listing Service (MLS) photos are acceptable to exhibit comparable condition at the time of sale. However, Appraisers must include their own photos as well, to document compliance.
- > Condominium Projects require additional photos of common areas and shared amenities of the project.
- > AVM is not automatically required on FHA loan (Underwriter option to substantiate value).

As-Is Condition and Cosmetic Repairs

- The Appraiser may complete an as-is appraisal for existing properties when minor property deficiencies, which generally result from deferred maintenance and normal wear and tear, do not affect the health and safety of the occupants or the security and soundness of the Property. Cosmetic or minor repairs are not required, but the Appraiser must report and consider them in the overall condition when rating and valuing the property. Cosmetic repairs include missing handrails that do not pose a threat to safety, holes in window screens, cracked window glass, defective interior paint surfaces in housing constructed after 1978, minor plumbing leaks that do not cause damage (such as a dripping faucet), and other inoperable or damaged components that in the Appraiser's professional judgment do not pose a health and safety issue to the occupants of the house.
- If an element is functioning well but has not reached the end of its useful life, the Appraiser should not recommend replacement because of age.

Defective Conditions Requiring Repairs

The nature and degree of any noted deficiency will determine whether the Appraiser must address the deficiency in the narrative comments area of the report under "condition of the property" or "physical deficiencies" affecting livability or structural soundness.

Conditions Requiring Inspection by a Qualified Individual or Entity

The Appraiser must notify REMN WS and make the appraisal subject to an inspection by a qualified individual or entity when the observation reveals evidence of a potential safety, soundness, or security issue beyond the Appraiser's ability to assess. The Appraiser must report and describe the indication of a particular problem when requiring an inspection of any mechanical system, structural system, or other component requiring a repair.

Additional Documentation Required for Appraisal for New Construction

When New Construction is less than 90% complete at the time of the appraisal, the Appraiser must document the floor plan, plot plan, and exhibits necessary to determine the size and level of finish.

When New Construction is 90% or more complete, the Appraiser must document a list of components to be installed or completed after the date of appraisal.

Appraiser Responsibility to Report Property Compliance

The Appraiser must observe, analyze and report that the Property meets HUD's MPR and MPS.

Minimum Property Requirements (MPR) refers to general requirements that all homes insured by FHA be safe, sound, and secure.

Minimum Property Standards (MPS) refer to regulatory requirements relating to the safety, soundness and security of New Construction.

Every Property must be safe, sound, and secure so that the Mortgagee can determine eligibility. The Appraiser must note every instance where the Property is not safe, sound, and secure and does not comply with FHA's MPR and MPS.

Declining Market

Appraisals located in a declining market require at least two (2) comparables that closed within 90 days of the appraisal and are as similar as possible to the subject property.

December 2024 99 of 110

Non-Residential	Non-Residential portion of the total floor area may not exceed 49%.
Use of Property	> Any non-residential use of the property must be subordinate to its residential use, character and
	appearance.
	Non-residential use may not impair the residential character or marketability of the property.
	> The non-residential use of the property must be legally permitted and conform to current zoning
	requirements.
Reconsideration	A borrower-initiated reconsideration of value (ROV) must include the following:
of Value	> Borrower(s) name
	Property Address
	Effective Date of the appraisal
	> Appraiser name
	> Date of the ROV request
	> Identification and description of unsupported, inaccurate, or deficient areas in the appraisal report
	Additional data, information, and comparable properties (not to exceed five), and the related data sources
	(for example, the MLS listing number)
	An explanation of why the new data supports the ROV
	Upon receipt of the ROV submission requirements, REMN will:
	> Confirm an appraisal review was completed by an underwriter prior to the receipt of the ROV request,
	Confirm the loan has not closed. ROVs are not permitted on closed loans,
	> Designate an underwriter or other appraisal subject matter expert to review the ROV request,
	> Validate that the request from the borrower contains sufficient details prior to sending to the appraiser,
	> Obtain the necessary information from the borrower if the ROV request is unclear or needs more
	information.

Termite Inspections

- > The appraiser must observe the foundation and perimeter of the buildings for evidence of wood destroying pests. The appraiser's observation is not required to be at the same level as a qualified post control specialist.
- > If there is evidence or notification of infestation, including a prior treatment, the Appraiser must make the evidence of infestation box in the "Improvements" section of the appraisal and make the appraisal subject to inspection by a qualified pest control specialist.
- > Soil poisoning is an unacceptable method for treating termites unless REMN WS obtains satisfactory assurance that the treatment will not endanger the quality of the water supply.
- See <u>New Construction Required Documentation for Maximum Financing</u> section for Wood Infestation report information.

Well Inspection

- > Except for cases where either a) a well test is mandated by the state or local jurisdiction or b) there is knowledge that well water may be contaminated, a well test/inspection will only be required if the appraiser requires a test or inspection based on any of the following readily observable deficiencies that apply:
 - » When the water supply relies upon a water purification system due to the presence of contaminants;
 - » Corrosion of pipes (plumbing);
 - » Areas of intensive agriculture within ¼ mile;
 - » Coal mining or gas drilling within ¼ mile;
 - » A dump, junkyard, landfill, factory, gas station or dry-cleaning operation within ¼ mile; or
 - » An unusually objectionable taste, smell or appearance of well water.
- If the appraiser does not specify the distances for the well (between well, property lines or building structures, etc.) on the report, REMN WS as the lender must obtain proper verification.
 - » A statement from the appraiser, "meets minimum property standards", is NOT sufficient.
- REMN WS must confirm that a connection is made to a public or Community Water System whenever feasible and available at a reasonable cost. If connection costs to the public or community system are not reasonable, the existing on-site systems are acceptable provided they are functioning properly and meet the requirements of the local health department.
- Individual Water Supply Systems (Wells):
 - When an individual water supply system is present, REMN WS must ensure the water quality meets the requirements of the health authority with jurisdiction.
 - » If there is no local (or state) water quality standards, then water quality must meet the standards of the EPA.
 - » If the subject property has a water source that includes a mechanical chlorinator or is served by springs, lakes, rivers, sand-point wells or artesian wells, the property is not eligible for FHA mortgage insurance.

NOTE: FHA does not mandate a water test in every instance. If the appraiser notes a potential problem and/or there is other known information in the file indicating a problem, then a test is required.

Septic	Septic System inspections are required only if;
Inspection	 The appraiser observes evidence of system failure or suspects a problem with the system, or It is customary (if UW is unaware if customary, contact appraiser for guidance) to obtain inspections in the area, or Inspections are mandated by the State or local jurisdictions. In the above instances the appraiser is to condition for an inspection and certification, by the local health authority, a licensed sanitarian or an individual determined by REMN WS to be qualified to inspect the system, that states the system appears to be operating properly. If the home has been unoccupied for more than 30 days (and does not meet one of the conditions noted above) and if the DE Underwriter believes an inspection is still required, they should elevate it to their UW or Ops Manager for a final decision.
Who can perform Well/Septic Inspections	 In order to perform on-site well and septic inspections, engineers must meet the following criteria: Hold a current State license which authorizes them to perform such inspections, Perform inspections in accordance with the requirements and standards established by the local or State health authority; and,
Continuity of Obligation	 » Utilize laboratories which are State-certified and meet EPA standards. > A refinance transaction used to pay off an existing real estate debt with the proceeds of a new loan for the borrower(s) with legal title; and on the same property. NOTE: The borrower is eligible to refinance the loan as long as he/she has legal title, even if he/she is not on the original note. > Non-Occupant Co-Borrowers may NOT be added in a cash-out refinance transaction in order to meet FHA's underwriting guidelines for the mortgage.

Restrictions on Property Flipping

Property Flipping is indicative of a practice whereby recently acquired Property is resold for a considerable profit with an artificially inflated value.

Definition

Property Flipping refers to the purchase and subsequent resale of a Property in a short period of time.

Time Restriction on Transfers of Title

- > The eligibility of a property for a mortgage insured by FHA is determined by the time that has elapsed between the date the seller has acquired title to the Property and the date of execution of the sales contract that will result in the FHA-insured Mortgage.
- FHA defines the seller's date of acquisition as the date the seller acquired legal ownership of that Property. FHA defines the resale date as the date of execution of the sales contract by all parties intending to finance the Property with an FHA-insured Mortgage.
 - For any state that has allows an owner's redemption right period upon a foreclosure sale, FHA has
 indicated that it is acceptable to use the foreclosure sale date rather than the expiration date of
 the redemption period to calculate the seasoning for flips.

Restriction on Re-sales Occurring 90 Days or Fewer After Acquisition

- A Property that is being resold 90 Days or fewer following the seller's date of acquisition is not eligible for an FHA-insured Mortgage.
- ➤ If this situation occurs, it is acceptable for a new contract to be re-executed on/or after the 91st day. If a new contract is executed, the same 1003, FHA case number and appraisal, ASSUMING STILL VALID, may be used. The guidelines for Re-sales Occurring between 91 Days and 180 Days After Acquisition would then apply.

Re-sales Occurring Between 91 Days and 180 Days After Acquisition

REMN WS must obtain a second appraisal by another Appraiser if:

- ➤ The resale date of a property is between 91 and 180 days following the acquisition of the property by the seller; and
- The resale price is 100% or more over the price paid by the seller to acquire the property.
- If the second appraisal supports a value of the property that is more than 5% lower than the value of the first appraisal, the lower value must be used as the Property Value in determining the Adjusted Value.
 - » The cost of the second appraisal may not be charged to the Borrower.

Exceptions to Time Restrictions on Resale

- ➤ Properties acquired by an employer or relocation agency in connection with the relocation of an employee;
- Re-sales by HUD under its REO program;
- Sales by other U.S. government agencies of single-family properties pursuant to programs operated by these agencies;
- Sales of properties by nonprofits approved to purchase HUD owned single family properties at a discount with resale restrictions;
- Sales of properties that are acquired by the seller by inheritance;
- > Sales of properties by state and federally-chartered financial institutions and Government-Sponsored Enterprises (GSE);
- Sales of properties by local and state government agencies; and
- Sales of properties within Presidentially Declared Major Disaster Area, only upon issuance of a notice of an exception from HUD.
- The restrictions listed above do not apply to a builder selling a newly built house or building a house for a Borrower planning to use FHA-insured financing.

Required Documentation

- REMN WS must obtain a 12-month chain of title documenting compliance with time restrictions on resales.
- ➤ REMN WS must review the appraisal to determine if the subject property was sold within twelve (12) months prior to the case number assignment date. If the subject property was sold within the previous twelve (12) months REMN WS must review evidence of prior ownership and determine if there are any undisclosed Identity-of-Interest transactions.

NOTE:

- ➤ The HPML Appraisal Rule has specific requirements for Property Flips. Refer to the <u>REMN Corporate TILA</u> <u>policy</u> (HPML Appraisal Rule section) for property flip guidelines for HPML loans.
- Property deeded to a new owner with no money exchanged (\$0.00) is not considered a sale, so it is not subject to the rules prohibiting property flipping.

December 2024 108 of 110

➤ If there is a partial continuity of ownership, a quit claim deed transaction is not a sale and is not subject to the rules prohibiting property flipping. The use of a quit claim deed will not be deemed a flip as long as at least one (1) of the original owners retains an ownership interest in the property after the quitclaim is recorded.
